This site is published as a public service to warn potential home-buyers of the business practices of KB Home Builders. I am an extremely unhappy owner of a new KB Home here in Florida. The house has been so bad that I moved out. There are serious construction problems, and I had a convicted drug felon die while working on my house. Time and again, KB Home has refused to fix my issues properly. Instead they put in cheap fixes which don't work and/or are aesthetically very unattractive.
